MEMORANDUM FOR Distribution

SUBJECT: Army Modeling and Simulation (M&S) Awards for FY08

1. The Army continues to excel in all areas of modeling and simulation. As in previous years, the Deputy Chief of Staff, G-3/5/7, would like to recognize those individuals and units that have demonstrated the highest degree of excellence.
2. The theme for the FY08 nominations is "Pushing M&S to the Tactical Edge". As background, the Vice Chief of Staff for the Army signed an overarching M&S strategy that articulates an aggressive Army vision "to routinely employ modeling and simulations that support decision-making, course of action development, mission planning, rehearsal, and operations" by 2016. [Army Modeling and Simulation Strategy dated 21 July 2008].
3. The Army Modeling and Simulation Office (AMSO) has the lead to coordinate the selection of the top Army M&S nominations. AMSO has established a process and format for submissions which are provided in the enclosure. Award submissions are due 15 October 2008. AMSO will establish and convene a board to select the winners. The Director of the Army Modeling and Simulation Directorate in G-3/5/7 will present the awards at the I/ITSEC conference in Orlando, FL 1-4 December 08.
4. Thanks for your continued outstanding work in Army M&S. Your efforts are essential to provide the Army with the most effective M&S support now and in the future.
5. Mr. Ron Hagan, (703) 604-0255, ron.hagan@us.army.mil is the point of contact for this action.

James C. Cooke
Director, Army Modeling and Simulation
